

Terrace Branch G.W.V.A. Held Annual Meeting

The annual meeting of the G.W.V.A. was held in the association's hall Thursday night, a fair attendance being presided over by V. Brewer.

W. H. Goodwin presented the auditor's report, which showed that the funds had all been accounted for, but that they could not be regarded as satisfactory in amount for the requirements of the association, which was accordingly in straightened circumstances at present. The report was received. The election of officers followed and resulted:—

President—A. Creelman.
Vice-president—N. Sherwood.
Sec.-Treasurer—J. McIntyre.
Auditors—W. H. Goodwin and F. C. Bishop.
Executive Committee—R. Braun, R. Beecher, H. S. Creelman, E. Baker.
Trustees—R. Turner, J. Tyler, G. Powers.

At the conclusion of the meeting the new executive held a meeting to discuss ways and means and an entertainment committee was instituted, composed of R. Beecher (chairman), R. Braun, A. Creelman, E. Baker. It was decided to hold a masquerade ball on St. Valentine's Day, Feb. 14, and full arrangement of it was placed in the hands of the Ladies' Auxiliary, which will meet on Tuesday next at 3 p.m., to elect officers and undertake this work. It was pointed out that the wives and women relatives of ex-soldiers and sailors would be at liberty to attend the meeting of the ladies' auxiliary.

George Keith is taking a keen interest in the movement to secure the conservation and preservation of timber, and is collaborating with Frank Barnjum, the Toronto millionaire, who has devoted his life to saving the forest growths of Canada.

Mining at Kalum Lake

The owners of claims on Ma-roon mountain have done considerable prospecting and now have their property in shape for using machinery. The ore carries high gold values and the boys are in hopes of making some money this summer.

P.T. Association Had Busy Time at First Meeting

The initial meeting of the Terrace and Kitsumkalum Parent-Teacher's Association was held Thursday in the Progress Hall and drew a good attendance. Mrs. O. Sundal was in the chair and the meeting was opened with the rendering of a song to the tune of "O Canada". Miss Fowler, as secretary, had a busy time reading reports and submitting the rules governing the constitution, the latter twice over to allow of them being adopted separately. A good deal of desultory discussion took place, special objection being taken to a by-law requiring the association to communicate with headquarters before sending any communication to the local school trustees. "Surely we know our own affairs at Terrace better than they do at Victoria," commented Rev. W.J. Parsons. Ultimately the item was deferred for further information as to its real meaning. A letter from the University of B.C. promised to consider the holding of extension lectures at Terrace. Mrs. Greig reported that 79 members had enrolled.

The chairman reported that \$24 had been raised by subscription bottles in the stores towards the Christmas tree. The total cost was \$36 and the Sunday school fund had reimbursed the committee the deficit of \$12.

A committee was charged with the duty of providing hot drinks for the children at school, commencing on Monday last, various suggestions as to raising the means being discussed. It was also suggested that means should be provided for the children to wash their hands at school.

After a lengthy business session refreshments were served and a short entertainment followed, at which solos were rendered by Mrs. Munro and Geo. E. Keith and a violin solo by Miss Kerr.

Late Wm. J. Parry

The death occurred on Friday, Jan. 5, at The Hazelton Hospital, of William J. Parry, a returned soldier, who with his brother had lived on the Purvis ranch for the past couple of years. The deceased suffered from a complication of diseases, largely due to his war activities, but the final cause of death was a very severe attack of tonsillitis. He was forty years of age and unmarried. He is survived by his brother and one sister. J. P. Wheeler, of the Soldier Settlement Board at Telkwa, arrived on Monday morning in Hazelton to make arrangements for the funeral.

Liberal Annual Meeting Elects New Officers

The annual meeting of the Hazelton District Liberal Association was held in Assembly Hall, Hazelton, on Saturday night last. President W. W. Anderson presided. The attendance was the largest yet and was representative of every section of this part of Omineca. Secretary A. Roy Mc Donnell read the minutes and presented the financial statement.

The president and secretary both reported that a number of matters had been taken up with the local member, but as yet there had been no reply. The member, Hon. A. M. Manson, is expected to visit the district before long, and arrangements will be made to again present these matters before him.

A resolution was passed and the secretary was instructed to forward it to Fred. Stork, M.P., asking that a geological survey party be sent into the Kispiox next summer, to investigate the oil and coal possibilities of that district.

A meeting of the executive committee will be held in Hazelton on Saturday evening next.

The officers for the year were elected as follows:

Hon. President—Hon. W. L. M. King.
Hon. Vice-Presidents—Hon. John Oliver, Hon. A. M. Manson, Fred. Stork, M.P.

President—W. W. Anderson.
Vice-Presidents—Peter Carrigan, Thos. Marshall.

Sec.-Treasurer—A. Roy Mc Donnell.
Executive Committee—Ed. McLaren, Skeena Crossing; L. Mero and John Love, Kispiox; C. S. Galloway, Angus Beaton and Ben Peterson, Hazelton; C. H. Sawle and W. S. Sargent, New Hazelton.

Usk

Skeena's Industrial Centre

Mr. Dubey, late manager of the Prince Rupert Lumber Co., is a visitor here and is a guest of the Kleanza Co. He is investigating the timber resources in the vicinity, and returned to Rupert on Monday.

Misses Irene Weatherhead and Irene Kellegher came back from their Christmas holidays spent at home in the south. They are taking up their duties as teachers of the Usk school until the Easter holidays.

The Kleanza Co. are making chutes for logging on the bench back of the mill to slide logs to the mill. In the meantime large orders for 20 carloads are being transported across the cableway and are being loaded and shipped.

C. N. R. Tie Inspector Dobie was here inspecting T. Snell's ties being loaded.

IT RESTORED HIS HEALTH

The Sick Man of Europe: "Allied diplomacy is SO bracing"

Acreeage Soon be Ready

D. McLeod, of Vancouver, arrived in New Hazelton on Monday morning and spent a couple of days renewing old acquaintances. The chief object of his trip was to consult with J. Allan Rutherford, the surveyor, who has been laying out the west half of Lot 863 into five- and ten-acre blocks. This land will be ready for the market in a very short time. As soon as Mr. McLeod gets back to Vancouver he will report to the other members of the owning company. Then the plan must be submitted to the minister of public works.

There has already been a number of enquiries for acreage in this section and there is reason to believe that all the land will be disposed of very soon after it is put on the market. The terms will be most favorable to family men who want to get a start on a home of their own and who are prepared to improve the property. As the plan is now there will be about thirty pieces and it is practically all the choicest of land. The plan also provides for ample road allowances, in addition to the main road, which will form part of the main highway from coast to coast.

Funeral of Late J. Short

On Friday afternoon last the late James Short was laid to rest in Hazelton cemetery. Rev. J. R. Hewitt conducted the services in the Union Church, Hazelton, and at the grave. The cortege left the house at Two-mile at two o'clock, and proceeded to the church, where many citizens of Hazelton and New Hazelton gathered to pay their last respects to one who had been well-liked by everyone who knew him. The pall-bearers were Thos. King, Kenneth Morrison, Thos. Railson, R. S. Sargent, W. Wattie and W. W. Anderson.

Rev. J. R. Hewitt was among those suffering from a heavy cold last week. He had to remain in the house for a time.

OVERHEARD AROUND NEW HAZELTON

Several cars of cedar poles were loaded and shipped from here the past week.

James Richmond came up from Terrace to spend the week-end with his family.

Mike George is again hauling poles and piling from his farm, near the S.S. mine, to the depot.

Word has been received of the death recently of a young son of Mr. and Mrs. Dan Stewart at their home in the Highlands of Scotland.

The Ladie's Aid of the New Hazelton Union church have decided to hold a social evening on St. Valentine's night, Feb. 14th. Everyone is invited. There will be no admission fee, but a collection will be taken during the evening. A good time is promised.

D. J. Williams is likely to become managing superintendent of the Drum Lummon mines, near Hartley Bay, and it is proposed to start shipping ore to the Anyox smelter at the rate of 3,000 tons per month. Mr. Williams will be remembered as the superintendent of the Rocher de Boule mine during its prosperous days.

F. W. Dowling, Prince Rupert, superintendent of Dominion Telegraphs, was here a couple of days last week, giving the boys the once-over. He informed the Herald that he hoped next summer he would be able to make some improvements to the telephone service, and he also expects to connect the C.N. station with the New Hazelton service.

Farm Changed Hands

Geo. M. King and Geo. L. McDonald of Travers, Alta., were in Hazelton this week and completed a deal with Robt. May of Morricetown to take over his farm. The new owners will put many acres into spuds.

Pacific Grain Ports

Possibly Prince Rupert has been overlooking its greatest argument in favor of making that a grain port for shipment of prairie grain to Britain. Shipments can be made from Prince Rupert at least as cheap and in as fast time as from Vancouver. Prince Rupert is so situated that steamers may head into the open immediately and at top speed. They are not troubled with fog to anything like the extent that Vancouver is and there is no trouble with straits, narrows, etc., that Vancouver has before reaching the open sea. Look up the map and see which port is the more favorable for shipping grain via the Panama. Prince Rupert has several advantages over the southern port which will more than balance the difference in miles. Faster time can be made and heavier trains can be hauled over the northern railway. There is more water frontage and yard room. Vancouver will make and has made Prince Rupert believe anything that the south desires. Yet a look at the map and a study of conditions will show the northern port a better shipping point for prairie grain to Europe.

Tells of the New North

Take off your hat to the pioneer editor, who carries the torch into the distant places of this province!

Neither the blood-sweating grind of the city dailies, nor the more leisurely, friendly life of the interior town weeklies and semi-weeklies can suit them. They pack in a press and several fonts of type with the first rush of oncomers, reap a golden harvest at first in printing land notices and mineral notices, get a promising claim or two or some real estate, and then settle back to do their duty by the new community.

They do good work, too. Spicily written "personals," write-ups of local developments and happenings, the proceedings of the board of trade, and what not? They are the torch-bearers of the community. And every now and then they satisfy their artistic and professional pride by getting out a "special edition" to tell the world all about the wealth and promise and beauty of their district.

Out from Omineca in the northern interior comes a special edition of the Omineca Herald and Terrace News that merits the highest praise and deserves the widest recognition. Its sixteen pages of excellent typography is an illustrated compendium of the

resources of this large and rich district. Mines, timber, land, agriculture, transportation, sport, climate all are dealt with. There are pictures of luxurious hay and vegetable crops, grain fields, fruit trees laden with fruit, and wonderful scenery. Pictures and sketches of pioneer prospectors like "Jimmy" Wells, and a history of Hazelton, christened by Thomas Hankin, the first white man to ascend the Skeena river, because of the hazel nuts found there. Tribute is paid to Dr. Horace C. Wrinch, who, going there as a medical missionary to the Indian tribes of the Kispiox and Babine valleys, has built up a wonderfully well-equipped hospital which serves the whole of the "new north."

In getting out a special number like this Editor Sawle has done a good service to his community.—The World, Jan. 5.

The Special Edition recently published by the Omineca Herald and Terrace News is now getting in its good work. The past week a number of letters have been received here from people on the prairie and in the United States who are looking for a new location. The Special Edition is proving to be good advertising.

Hiccoughs are becoming quite popular. There have been a number of cases during the past week. Now, Mr. Prohibition, this is no argument in your favor, because all the patients so far are prohibitionists.

Forestdale

Rev. J. C. Kerr, of Burns Lake, held service in St. Paul's Church on Sunday last.

Robert Gerow, of Burns Lake, was a business visitor on Thursday last.

Miss N. Caruzon and Pete Patterson, of Burns Lake, were the guests of M. O. Stich last week, and left for Prince Rupert on Friday's train.

Fred. Horning, H. Hanson and Tom Broadbent have hauled a large quantity of ties to the track here.

J. C. Keddy and family are on the sick list this week.

A party and dance was given by Mrs. J. Mould, of Rose Lake, on New Year's Eve, and the affair was most enjoyable.

Frank Rendle returned from Victoria last week, to resume his teaching at the local school. He reports things rather quiet in the south.

Eli Severson, the prominent Forestdale farmer and member of the Farmers' Institute, has received word to the effect that his exhibit of Forestdale potatoes was most favorably commented on and won a prize at the Grand Forks potato fair. This is quite a boost for this district, the only regret being that there were not more to take advantage of the show.

Quick

Miss Davis, of the Round Lake school, spent a few days at the beginning of the year with her friends at Hubert.

Mr. Bruff, of the B.&B. dept., has just spent a part of last week erecting the catch post, or mail crane, here for the new mail service.

Sam Johnson left last Thursday for Perow, where he intends spending the winter working in the tie camps there. Mr. Regan is occupying his time in the same manner up at Vanderhoof.

The weather man is certainly being good to this part of the world this winter, and the usual remark passed on the subject is: "I hope that it lasts until next spring."

The store at Quick is now an established fact, and, though small is still capable of supplying most of the needs of the settlers, and this, with the post office, there should save many from taking those long, and often very cold and tedious trips to other points.

The Quick school teacher, Miss Allen, returned recently from her visit to the home of the Political Fathers, and judging by her smiling face, and cheerful disposition, it is to be supposed that she and "Our John" must have thoroughly enjoyed that goose together.

We are also glad to be able to report that we have received word from J. P. Kirkpatrick, of the C.N.Rv. that the old Telkwa station will be moved from its old place there up to Quick siding, where a station has been very much needed ever since the bridge was finished last winter. This work is to be attended to as soon as the B. & B. dept. can get around to it, which Mr. Kirkpatrick states will be very soon.

Just before the New Year, Chas. Neal was successful in moving his home, aided by several of his neighbors, and numerous teams, from one end of his ranch to the other in order to be nearer to the main road; all was in readiness by the time that his wife returned from the Telkwa Home, proudly carrying in her arms the new, and permanent boarder, an amazingly important little person for one so small. Mr. Neal must now build himself a new barn if he wants to be anywhere near his stock.

For the first time this year the Bulkley river showed signs of freezing, or jamming up around the Quick bridge. On Thursday last, the ice piled some three to four feet high in places, and the water rose with it, but during the night it was all clear again, except the banks. From reports received, the water rose so high around Hubert, that parts of the track were submerged on the one side, and parts of J. Burgon's ranch on the other. Though the river is still open, the quantity of slush ice coming down at present must soon cause the jam to extend up this far, perhaps the

sooner the better, as some are waiting to harvest ice, while others want the accommodation of Nature's bridge in order to cross the river.

It is with considerable pleasure that we are able to announce the opening of a post office at Quick station. This is a step in the right direction, and predicts greater progress for this part of the valley, and will, no doubt, be an incentive to more settlement. It took the postal authorities almost a year to realize the necessity for mail accommodation here, but it was well worth waiting, and striving for, as the distance between the Telkwa and Barrett post offices was too great, and necessitated trips sometimes over thirty miles return, when opportunity could be found to make the trip, which usually meant weeks or even months. Considerable credit is due to Fred. Stork, M.P. for his continual endeavor to have this office established. The office opened on Jan. 1 with three mails a week, Sundays, Tuesdays and Thursdays, this being considered sufficient for a start, but it is to be hoped that the department will soon learn that the revenue from this point requires a daily service.

Quits Farmers' Ranks

Joseph Binette, M.P. of Prescott, has announced a change in his party allegiance, from the Progressive party to the Liberal party.

Lakes Hospital Donations

Francois Lake Hospital wishes to acknowledge the following donations:

October, 1922.—Mrs. Prosser, 1 pair leather gloves; Mrs. Weldon, beef; Mr. Beech, beef; Mr. Keller, vegetables.

November.—Mrs. Weldon, china butter dish; Mrs. J. H. Keefe, 10 qts. of milk; Mr. Murray, ¼ venison.

December.—Dr. Gain, 1 ham; Mr. Henkel, beef; Mrs. Bennett, 3 chickens; Mrs. Harrison, 1 turkey (Dr. Williams); Mr. Bostrom, 1 turkey; Mrs. F. R. Keefe, 2 chickens; Hazen Long, ¼ beef, sack potatoes; L. O. Forde, sack mixed vegetables; Mrs. MacCrimmon, eggs and cream; Mr. Jeffrey, sr., 5-lb. box of chocolates; Mrs. Prosser, box of fancy biscuits; Mrs. S. F. Shelford, 8 lbs. of butter; Messrs. Imeson & Co., box of oranges, 1 large box containing table raisins, nuts, dates, cranberries, grapes, grape-fruit; Mr. Haven, moose meat.

The new government buildings at Prince Rupert will be opened officially on January 17 by Hon. T. D. Pattullo.

Burns Lake

Mrs. McPhail took charge of the O.K. Cafe on the first of January.

Dittmer & Robb are getting their hardware store building on Main Street in good shape to move into about the beginning of February.

John Hughes took possession of the Yohn poolroom this week.

"Cap." Hood, who made Stuart Lake famous, is making Burns Lake his headquarters this winter.

The business of G. S. Wood, the druggist, has increased in volume to such an extent that he finds it necessary to add another storey to his present business premises.

The Farmers' Institute met on Tuesday, January 2, in Gerow Hall, and the attendance was good. Besides the officers, five delegates and two auditors were appointed. Owing to pressure of private business, H. G. Stearns relinquished the post of secretary, and this office will be filled by F. Harrison during the ensuing year. A unanimous vote of the assembly endorsed a resolution moved by J. C. Mitchell and seconded by R. Gerow that a government liquor vendor for Burns Lake be appointed. A second motion, sponsored by M. O. Stich and R. Gerow respectively, that the secretary write to the Institutes of the Lakes district asking them to take up with the Liquor Board at Victoria the matter of appointing a vendor at Burns Lake, was also carried.

Gordon Robb, G. S. Wood and Robert Gerow are out for signatures to a petition for the establishment of a government liquor store at Burns Lake. Their territory extends from Forestdale to Priestly and south to Wistaria.

HERE AND THERE

Yule and Gruel

Christmas, tinsels; New Year, tonsils.

The mayor of Victoria has reduced his salary by half.—News item.

In halls of fame a hero strides,

No warlike gladiator he;

Nor plumed knight defying death,

Against a foreign cavalry.

No dyke he plugs with digit bent,

His land to save from hungry sea;

No, braver far, this hero is

A mayor who cuts his salary.

Siamese women blacken their teeth upon marriage, to denote the marriage state. Later on they practice on hubby's eyes, no doubt.

Rawley Beecher is developing the cult of the artist. His recent

efforts have to do with popularizing a contest for the Vets.

The kind friend who scattered ashes down the sidewalk on the main street would scarcely please the sleighing kiddies, but he won the blessings of pedestrians.

Donald McLeod, a pioneer railwayman of the district, went through Terrace on Saturday on his way south.

J. Latham and W. Sharp, of the Forestry Dept. are at present in Terrace.

Mrs. Turner and baby arrived home Monday from Rupert.

Mrs. Werkel went down to Rupert Wednesday.

Abe Bedour went to Rupert on Wednesday to bring back his little girl. Mrs. Bedour and baby will follow later.

Children's night was held by the Welfare League on Tuesday in the Presbyterian hall.

Miss Marsh returned to her teaching duties in Rupert at the week-end.

A meeting of the local Oddfellows was held Monday night in Sparks's hall.

The members of the Presbyterian Ladies' Guild met at Mrs. Bleecker's house on Wednesday, and the Anglican Women's Auxiliary at Mrs. Sparke's house, in both cases to arrange for the continuation of work.

Fred Bishop was worried on Wednesday when the films advertised for his show didn't turn up. It turned out the suppliers had forgotten to ship them.

The vestry meeting takes place next Wednesday.

In the Anglican Church on Sunday, at the conclusion of Sunday School, the teachers met and paid a farewell and tribute to Mrs. Donaghy on the occasion of her leaving the district. Mrs. Brooks handed a neat bead bag to Mrs. Donaghy from the teachers and staff with words of sincere appreciation of her work. Rev. W. J. Parsons and Mr. Fowler also contributed their testimonies to the value of Mrs. Donaghy's influence in the school, and the sorrow of her colleagues at her departure and wished for her a bright and happy future. Mrs. Donaghy feelingly replied

HERE AND THERE

Yule and Gruel
 Christmas, tinsels; New Year, tonsils.

The mayor of Victoria has reduced his salary by half.—News item.
 In halls of fame a hero strides,
 No warlike gladiator he;
 Nor plumed knight defying death,
 Against a foreign cavalry.
 No dyke he plugs with digit bent,
 His land to save from hungry sea;
 No, braver far, this hero is
 A mayor who cuts his salary.

Siamese women blacken their teeth upon marriage, to denote the marriage state. Later on they practice on hubby's eyes, no doubt.

SMITHERS

Newsp Notes From the Railway
Town

The first carload of high grade ore from the Mamie mine was loaded last Saturday and shipped to the Trail smelter.

Smithers Electric Ltd. held its annual meeting on the 8th, and such was the success of the company during the few months of operation that a dividend of 25 per cent. was declared.

A Mr. King, of southern Alberta, is negotiating for the purchase of the 600 acres constituting the Robert May ranch at Moricetown.

Arrangements have been made for the completion of the nurses' home of the Bulkley Valley District Hospital at Smithers. A contract was awarded L. P. Green for the construction of the log walls, cutting openings, and roofing and shingling the building. This work having been completed to the satisfaction of the board of directors, a further contract for the finishing has been given D. C. Sangster, and the building is to be ready for occupation within one month. The completion of this nurses' home will give the hospital the much-needed extra accommodation for patients besides giving the nursing staff a restful place in which to spend their hours off duty, away from the scene of their arduous labors.

In spite of assurance to the contrary, the provincial government still continues to levy taxes against real property within the corporate limits of the village of Smithers, and assessment notices for the year 1923 have already been sent out. This is causing considerable ill-feeling and much confusion, for, in order to complete any kind of a deal in real property, one has to pay a double tax—one to the provincial government and one to the Corporation of the Village of Smithers—in order to effect registration. It is sincerely hoped that the authorities at Victoria have not dismissed the matter and that they still intend to straighten the thing out. Much correspondence has passed between the assessor's office, the corporation, and other private parties and Victoria, but no-one seems to be able to get any satisfaction.

TELKWA TALES

News from the Hub of Bulkley Valley

At the Nursing Home on Jan. 3rd, to Mr. and Mrs. Lambe, a daughter.

Corpl. Hall and J. P. Wheeler are visitors to Hazelton.

Const. Ticehurst made a flying visit to Moricetown on Sunday.

Dr. Paine was on a professional visit to Smithers on Monday.

T. N. Heslip spent a couple of days at the tie camp at Perow this week.

Tom Blythman came down from the tie camp on Sunday.

Fred. McNish, arrested on Jan. 2 on a charge of theft of some odds and ends from a Chinese cabin at Hubert last summer, appeared before Magistrate Hoskins on Wednesday, Jan. 3. The case was dismissed for lack of evidence. The accused, however, was immediately ordered to be re-arrested, charged with "knowingly being in possession of stolen goods". The case came up yesterday.

T. J. Jefferson returned from New York last Wednesday evening and has since been busy paying off all claims in connection with the number of mineral claims he has had under option on Dome mountain for the past year. Today, L. W. Patmore, of Prince Rupert, met Mr. Jefferson and party, and arranged for the organization of a holding company. The first of the week Mr. Jefferson expects to go to Victoria on business in connection with his Dome mountain interests.

Market Reports

Financial and market news gathered by direct wires from world's market centers by BURDICK, LOGAN & COMPANY, Ltd., 787 Granville Street, Vancouver, B.C.

COPPER.—The world's consumption of copper is three billion pounds per annum, while the world's production is two and one-quarter billion pounds yearly. A careful canvass of stocks shows that existing supplies of copper are lowest for many years. England, Germany and the U.S.A. have bought heavily for prompt and future delivery. British Columbia's great copper properties, Granby and Consolidated, should benefit by the upswing in copper demand. The red metal is strong at 15 cents with sellers in an independent mood.

LEAD.—The price of lead touched 7 1/2 cents last week. Every blast furnace producing lead in the U. S. is in full swing. The battery, paint and cable trades are booked ahead with orders, and stocks in first hands which totalled 100,000 tons a month ago have passed into consumption. The Consolidated at Trail is the great Canadian producer of lead. They refine lead by the electrolytic process and the calcium-fluoride necessary in the process is mined north of Grand Forks, B. C., at the famous Rock Candy mine.

GOLD.—New York and London now recognize the Premier mine at Stewart as one of the great gold producers of the world. Another quarterly dividend aggregating one million dollars has just been declared. Competent authorities point out that in the first year of actual operations the Premier paid nearly twice the dividends paid by the famous Comstock Lode in Nevada in its first year. The Premier ore keeps its values with depth. Canada's three other members of the "Big Gold Four" are Hollinger, Dome and McIntyre in Northern Ontario. Most recent London cables tell of increasing interest in B. C. mining properties.

BONDS.—Vancouver buying and selling prices of Victory and War Loan Bonds. Prices are plus interest to date of delivery:

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements or respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, title to be obtained after fulfilling residential and improvement conditions, and surveying land.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emption are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for 5 years.

Provision for return of money accrued, due and been paid since August 1, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enactment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole or original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1922.

GRAZING.

Grazing Act, 1916, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock owners may form associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

HAZELTON NOTES

Protection as well as an investment—See Wm. Grant's Agency.

J. A. Bowles, of Prince George was here last week.

Ralph Meyor has taken a position in one of Hanson's tie camps.

Wm. Grant was laid up for several days last week, suffering from an attack of grippe.

Miss Hanna returned from the south and opened school Monday morning.

J.P. Wheeler, of Teikwa, spent a couple of days in town the first of the week.

Howard Guest, of the Hatchery staff at Babine, left this week for the south, on holiday bent.

Leonard Wrinch left Saturday morning for Edmonton, to resume his studies at the University.

Mrs. Chappell and daughter were confined to the house with an attack of cold and sore throat.

The ice harvest is now in full swing and the ice is both thick and clear. There is little or no snow ice.

Otto Utterstrom is again on the job at the Hudson's Bay store, after a holiday in Vancouver and Kispiox.

J. C. K. Sealy spent the past week in town looking after things here while Mrs. Sealy is visiting on the coast.

Dr. A. H. Bayne, of Prince Rupert, has been spending this week in town looking after the dental work in the district. Miss Jessie Wattie assisted him.

Miss Margaret Wattie is laid up in The Hospital with a broken leg, the result of falling on the Hospital skating rink. She will not skate much more this winter.

There have been quite a number of cases of tonsillitis and similar maladies during the past few weeks, due, in part, to the very mild weather. The outbreak, however, is not at all serious.

Steve McNeil and Wm. Dahl, of Copper City, were here on Wednesday with a big bunch of furs. They received bids for over a thousand dollars but they figured the prices were too low and decided to try the coast.

An Indian wedding last Friday night was the occasion for a monster parade by the natives, who carried the festivities well into early morning. The wedding ceremony was performed by the Rev. Proctor at St. Peter's.

I. Anger returned to Smithers on Saturday morning after attending the funeral of the late James Short. He was accompanied home by Mrs. Short, who will remain there until spring, when she intends to again take up her residence at Two mile.

A number of young and semi-young people have enjoyed excellent tobogganing the past week or so. From the cemetery along the old road to the field on the second bench makes an ideal slide—fast, bumpy and long.

The Hazelton Hospital

The Hazelton Hospital issues tickets for any period at \$1.50 per month in advance. This rate includes office consultations and medicines, as well as all costs while in the hospital. Tickets are obtainable in Hazelton from the drug store; from T. J. Thorp, Teikwa, or by mail from the medical superintendent at the Hospital.

Pete Ober is now the chief chef for the boys at Priestly, one of Hanson's big tie camps. There is quite a number of the old-timers from here in the camp, and they are all happy and making money. They will be "pretty stakely" in the spring when they come back. At the camp are 150 men, and 30 teams are kept on the jump hauling ties.
